Defendants.

Case No. 1:24-cv-02894-ELR

**DECLARATION OF GREGORY GUNTHER IN SUPPORT OF
DEFENDANTS' MOTION TO DISMISS PLAINTIFFS' CLASS ACTION
COMPLAINT**

I, Gregory Gunther, declare and state as follows:

1. The matters referred to in this Declaration are based upon my personal knowledge, and if called and sworn as a witness, I could and would competently testify as to each of them.

2. I am Senior Manager for Vehicle Compliance and Analysis for Mercedes-Benz USA, LLC (“MBUSA”). MBUSA is a limited liability company organized under the laws of Delaware with its principal place of business in Georgia. MBUSA primarily deals with advertising and operations in the USA, while Mercedes-Benz Group Aktiengesellschaft (“MBG”) and Mercedes-Benz Aktiengesellschaft (“MBAG”) are the German entities of which MBAG deals with manufacturing while MBG does not. I am familiar with the allegations in the Class Action Complaint in this case.

3. NHTSA Recall 22V-315, which we sometimes refer to as the brake booster recall, was a voluntary recall pursuant to 49 U.S.C. § 30118, conducted in cooperation with NHTSA.

4. If a recalled vehicle comes into an authorized service center for the recall, that vehicle will be inspected. If the brake booster does not show an accumulation of corrosion, the brake booster does not need to be replaced (“Category 1 Vehicles”). Otherwise, the brake booster is replaced free of charge (“Category 3 Vehicles”). *See* Ex. 1, Mar. 2023 Owner Notification Letter.

5. Early in the recall, the automotive-parts supply chain—much like supply chains for many other items—was impacted by the COVID-19 pandemic. There were questions about whether a sufficient number of parts would be immediately available. As such, vehicles with a brake booster that passed a pressure test but nonetheless showed some accumulation of corrosion, were asked to return for a follow-up inspection within two years. These vehicles were initially called “Category 2 Vehicles.” *See* Ex. 2, June 2022 Owner Notification Letter. Both because the vast majority of inspected vehicles have proved to be Category 1 Vehicles without accumulated corrosion and because of great efforts in securing parts, the follow-up inspections have been eliminated and any recalled vehicle that is not determined to be Category 1 after inspection can obtain an immediate replacement of the brake booster, free of charge to the owner or lessee. Thus Category 2 was essentially eliminated and vehicles are determined to be either Category 1 Vehicles or Category 3 Vehicles.

6. Plaintiffs misunderstand the recall and incorrectly claim in paragraphs 6 and 102 of the Class Action Complaint that some customers would be advised not to use their vehicles for two years. As Exhibit 2 shows, owners of Category 2 Vehicles were initially asked to return for a follow-up inspection within two years but were not subject to the “stop drive” order during that two-year period, because they “passe[d] inspection” via a “diagnostic test . . . performed to ensure the functionality

of the brake booster.”

7. Today, vehicles are only subject to a “stop drive” before the customer has the vehicle brought in for inspection – after the inspection, the vehicle is either cleared or the brake booster is replaced, but either way, the “stop drive” is lifted. *See* Ex. 1.

8. MBUSA has made inspections and (where called for) replacement parts available to all customers, free of charge.

9. MBUSA records indicate that as of November 22, 2024, Plaintiff Leonardo Cacho has not had his 2006 R350 inspected pursuant to the recall. *See* Ex. 3, Cacho Vehicle Master Inquiry (status of Campaign No. 2022050015, which is the internal designation of NHTSA Recall 22V-315, is “open”).

10. MBUSA records indicate that as of November 22, 2024, Plaintiff Ruben Charles has not had his 2008 R350 inspected pursuant to the recall. *See* Ex. 4, Charles Vehicle Master Inquiry (status of Campaign No. 2022050015 is “open”).

11. MBUSA records indicate that Plaintiff Carl Clark had his 2012 GL450 inspected on June 23, 2022, and it was determined to be a Category 1 Vehicle, meaning his brake booster did not need to be replaced and no further action was required. *See* Ex. 5, Clark VIN History; Ex. 6, Clark Vehicle Master Inquiry (status of Campaign No. 2022050015 is “closed”).

12. MBUSA records indicate that Plaintiff Lindy Crea Sr. had his 2010

ML350 inspected on July 16, 2022, and it was determined to be a Category 1 Vehicle, meaning the brake booster did not need to be replaced and no further action was required. *See* Ex. 7, Crea VIN History (“rubber sleeve for brake booster OK, no traces of rust present”); Ex. 8, Crea Vehicle Master Inquiry (status of Campaign No. 2022050015 is “closed”).

13. MBUSA records indicate that Plaintiff Brandon Dueling had his 2009 ML320 inspected on August 10, 2022, and it was determined to be a Category 1 Vehicle, meaning his brake booster did not need to be replaced and no further action was required. *See* Ex. 9, Dueling VIN History (“[f]ound no rust of any kind”); Ex. 10, Dueling Vehicle Master Inquiry (status of Campaign No. 2022050015 is “closed”).

14. MBUSA records indicate that as of November 22, 2024, Plaintiff Roxie Harris has not had her 2006 R350 inspected pursuant to the recall. *See* Ex. 11, Harris Vehicle Master Inquiry (status of Campaign No. 2022050015 is “open”).

15. MBUSA records indicate that Plaintiff Wender Jeudy had his 2008 R-Class inspected on July 18, 2022, and it was determined to be a Category 1 Vehicle, meaning his brake booster did not need to be replaced and no further action was required. *See* Ex. 12, Jeudy VIN History (“[C]hecked corrosion of brake booster using the removed rubber sleeve and found OK. No further actions were required.”); Ex. 13, Jeudy Vehicle Master Inquiry (status of Campaign No. 2022050015 is “closed”).

16. MBUSA records indicate that Plaintiff Wanda Jones had her 2008 GL450 inspected on September 14, 2022, and it was determined to be a Category 1 Vehicle, meaning her brake booster did not need to be replaced and no further action was required. *See* Ex. 14, Jones VIN History; Ex. 15, Jones Vehicle Master Inquiry (status of Campaign No. 2022050015 is “closed”).

17. MBUSA records indicate that Plaintiff Sean K. Lee had his 2008 ML-Class inspected on July 26, 2022, and it was determined to be a Category 1 Vehicle, meaning his brake booster did not need to be replaced and no further action was required. *See* Ex. 16, Lee VIN History (“[p]erformed per workshop instructions, checked OK”); Ex. 17, Lee Vehicle Master Inquiry (status of Campaign No. 2022050015 is “closed”).

18. MBUSA records indicate that Plaintiff Tina Marie’s 2014 G-Class is not in the population of vehicles subject to the recall; this vehicle does not have an affected brake booster. *See* Ex. 18, NHTSA Report (indicating that 2014 G-Class vehicles are not in the recall population).

19. MBUSA records indicate that Plaintiff Letitia Matthews had her 2009 GL450 inspected in June 2022, and it was determined to be a Category 2 Vehicle, meaning her brake booster required replacement. *See* Ex. 19, Matthews Vehicle Master Inquiry. MBUSA records indicate that Ms. Matthews’ brake booster was replaced in November 2022, and the recall is now “closed.” *Id.*

20. MBUSA records indicate that Plaintiff Robert McCumsey's 2012 ML350 is not in the population of vehicles subject to the recall; this vehicle does not have an affected brake booster. *See* Ex. 18, NHTSA Report (2012 ML250 vehicles are not in the recall population).

21. MBUSA records indicate that Plaintiff Rulesha McKinney's 2012 ML350 is not in the population of vehicles subject to the recall; this vehicle does not have an affected brake booster. *See* Ex. 18, NHTSA Report (2012 ML350 vehicles are not in the recall population).

22. MBUSA records indicate that Plaintiff Bianca Ortiz had her 2010 GL350 inspected on August 10, 2022. Her vehicle passed an extreme-pressure test showing that the brake booster's function was unimpaired. Nonetheless, because there was some evidence of accumulated corrosion, Ms. Ortiz's 2010 GL350 was determined to be a Category 2 Vehicle at the time. *See* Ex. 20, Ortiz VIN History. Ms. Ortiz was mailed a letter like the one attached as Exhibit 1 in March 2023 informing her that parts were then available to replace her brake booster. According to MBUSA's records, Ms. Ortiz subsequently returned for the repair and the booster was replaced. Ex. 21, Ortiz Vehicle Master Inquiry (status of Campaign No. 2022050015 is "closed").

23. MBUSA records indicate that Plaintiff Francy Diaz Perez had her 2012 GL450 inspected on July 21, 2022, and her vehicle was found to be a Category 1

Vehicle, meaning her brake booster did not need to be replaced and no further action was required. *See* Ex. 22, VIN History (“Inspect booster rubber sleeve. Dispatch rubber sleeve. Connect SDS and charger. Perform brake power test. Checks OK[.]”); Ex. 23, Perez Vehicle Master Inquiry (status of Campaign No. 2022050015 is “closed”). MBUSA records further indicate that Ms. Diaz Perez’s request for reimbursement was granted by MBUSA. MBUSA paid her dealer, Mercedes-Benz of Fort Myers, \$4960 to reimburse Ms. Diaz Perez on August 4, 2022.

24. Plaintiff James Powell’s 2007 GL450 cannot be located in MBUSA records, and plaintiffs did not provide a Vehicle Identification Number or other identifying information in the complaint sufficient to identify Mr. Powell’s alleged vehicle.

25. MBUSA records indicate that Plaintiff Anthony Pyles had his 2009 ML350 inspected on July 25, 2022, and it was determined to be a Category 1 Vehicle, meaning his brake booster did not need to be replaced and no further action was required. *See* Ex. 24, Pyles VIN History; Ex. 25, Pyles Vehicle Master Inquiry (status of Campaign No. 2022050015 is “closed”).

26. MBUSA records indicate that Plaintiff Ellery Richard had his 2011 GL550 inspected on October 4, 2023, and it was determined to be a Category 1 Vehicle, meaning his brake booster did not need to be replaced and no further action was required. *See* Ex. 26, Richard Vehicle Master Inquiry (status of Campaign No.

2022050015 is “closed”); *see also* Ex. 27, Richard Repair Order (“result found corrosion measurements Does [sic] not exceed threshold”).

27. MBUSA records indicate that Plaintiff Jeffrey Robinson had his 2010 GL450 inspected pursuant to the recall on September 7, 2022, and repairs were made accordingly. *See* Ex. 28, Robinson Vehicle Master Inquiry (status of Campaign No. 2022050015 is “closed”); *see also* Ex. 29, Robinson Repair Order (“inspected the corrosion on the brake booster which passed. Added white dot, symbolizing the passing of the brake booster recall”). Additionally, third-party records indicate that Robinson no longer owns the 2010 GL450, having sold it in August 2024. *See* Ex. 30, Carfax Report for VIN 4JGBF7BE2AA567293.

28. With respect to Plaintiff Marcio Sinelli’s 2007 ML-Class, MBUSA records indicate that as of November 22, 2024, Mr. Sinelli has not attempted to have his vehicle inspected pursuant to the recall. *See* Ex. 31, Sinelli Vehicle Master Inquiry (status of Campaign No. 2022050015 is “open”).

29. With respect to Plaintiff Marcio Sinelli’s 2012 ML350, MBUSA records indicate that 2012 ML-Class is not in the population of vehicles subject to the recall; this vehicle does not have an affected brake booster. *See* Ex. 18, NHTSA Report (2012 ML350 vehicles are not in the recall population).

30. MBUSA records indicate that, as of November 22, 2024, Plaintiff Thomas Stefanopoulos has not attempted to have his 2008 ML550 inspected pursuant

to the recall. *See* Ex. 32, Stefanopoulos Vehicle Master Inquiry (status of Campaign No. 2022050015 is “open”).

31. MBUSA records indicate that Plaintiff Jennifer Walker’s 2011 GLK-Class is not in the population of vehicles subject to the recall; this vehicle does not have an affected brake booster. *See* Ex. 18, NHTSA Report (indicating that 2011 GLK-Class vehicles are not in the recall population). The GLK-Class is a different model from the GL-Class and was not included in the population of vehicles subject to the recall. *Id.*

32. Plaintiff Betty Walton’s 2007 GL-Class cannot be located in MBUSA records, and plaintiffs only provided an incomplete Vehicle Identification Number in a prior complaint, which is insufficient information to locate the alleged vehicle.

33. MBUSA records indicate that Plaintiff Huey Williams had his 2011 R350 inspected on July 21, 2022, and it was determined to be a Category 1 Vehicle, meaning his brake booster did not need to be replaced and no further action was required. *See* Ex. 33, Williams VIN History; Ex. 34, Williams Vehicle Master Inquiry (status of Campaign No. 2022050015 is “closed”).

34. MBUSA records indicate that Plaintiff Antonio Wynn had his 2012 GL450 inspected on July 14, 2022, and it was determined to be a Category 1 Vehicle, meaning his brake booster did not need to be replaced and no further action was required. *See* Ex. 35, Wynn VIN History (“Performed recall by inspecting rubber

band and found no rust points on the band. From there recall is done and passed, no further testing required.”); Ex. 36, Wynn Vehicle Master Inquiry A(status of Campaign No. 2022050015 is “closed”).

35. Plaintiffs incorrectly claim that they and some other potential class members “paid and are continuing to pay out-of-pocket for rental vehicles.” Compl. ¶ 5. Plaintiffs likewise assert that they are “left without a vehicle to drive” in the allegations in their specific paragraphs in the Class Action Complaint. *See, e.g.*, Compl. ¶¶ 17, 21, 25, 29, 35. In truth, and as discussed above, plaintiffs and the proposed putative class members are, and always have been, eligible to receive funds to pay for a rental vehicle or other transportation, including prior to the time their vehicles could be inspected. As Exhibit 2 demonstrates, other expenses also are covered for vehicle owners. MBUSA has not caused plaintiffs to incur expenses related to the recall at issue.

36. All new Mercedes-Benz vehicles have a New Vehicle Limited Warranty (“NVLW”), which warrants against “defects in material or workmanship” arising during the first 48 months or 50,000 miles, whichever comes first. *See* RJN Ex. C.

37. MBUSA is an indirect subsidiary of defendant MBG, which is also the parent company of defendant MBAG. However, MBUSA observes all corporate formalities necessary for its separate and distinct legal existence.

38. MBUSA is the exclusive U.S. importer and distributor of Mercedes-

Benz passenger vehicles and genuine parts for those vehicles. MBUSA (not MBG or MBAG) determines where to distribute Mercedes-Benz passenger vehicles and genuine parts within the U.S. market. MBUSA (not MBG or MBAG) also issues the written express limited warranties for new Mercedes-Benz passenger vehicles and some preowned Mercedes-Benz passenger vehicles.

39. I declare under penalty of perjury under the laws of the United States of America that the foregoing is true and correct.

Dated December 19, 2024

Gregory Gunther

This notice applies to your vehicle, VIN: [REDACTED]

Replace Brake Booster

NHTSA Recall ID: 22V315

MBUSA ID: 2022090006 & 2022090007

STOP DRIVE REMEDY

- Remedy parts are now available for your vehicle.
- Schedule an appointment with your authorized Mercedes-Benz dealership as soon as possible.
- This repair will be provided **FREE** of charge.

March, 2023

Dear Mercedes-Benz Owner:

This notice is being sent to you in accordance with the National Traffic and Motor Vehicle Safety Act.

Mercedes-Benz AG ("MBAG"), the manufacturer of Mercedes-Benz vehicles, has decided that a defect which relates to motor vehicle safety exists in certain Model Year ("MY") 2006-2011 ML-Class and MY2006-2012 GL-Class and R-Class vehicles. Our records indicate that your vehicle is included in the affected population of vehicles.

What is the issue?

Moisture may accumulate and cause corrosion in the brake booster housing unit, which can result in reduced brake performance. In some cases of severe corrosion, a particularly strong or hard braking application may cause mechanical damage in the brake booster, which can result in brake failure. In this case, it would not be possible to decelerate the vehicle via the brake pedal. Reduced brake performance or brake failure can increase the risk of a crash or injury.

What will your Mercedes-Benz Dealership do?

Parts are available for all affected vehicles to repair the recall condition. An authorized Mercedes-Benz dealer will replace the brake booster, free of charge. While the repair time may be less than 3 hours, your dealer can provide you with a better estimate of the overall time for this work. As a matter of normal service process, an authorized Mercedes-Benz dealer will also check for other repair measures which might be applicable to your vehicle and this may increase the required working time. You will not be charged for other service or repairs unless so requested.

How do I schedule the brake booster replacement?

- Find your nearest authorized Mercedes-Benz dealership at mbusa.com/recall to schedule your recall repair.
- Please mention you are scheduling an appointment for Mercedes-Benz Recall Campaign **2022090006** or **2022090007**.
- You may be asked for your VIN, which for your convenience is located at the top of this letter.

Don't wait. Find an authorized Mercedes-Benz dealership near you at mbusa.com/recall and schedule the recall inspection right away.

Mercedes-Benz USA, LLC
 A Mercedes-Benz Group AG Company
 One Mercedes-Benz Drive
 Sandy Springs, GA 30328
 Phone: 888-548-8514

What are next steps after the brake booster is replaced?

Once the brake booster is replaced, the issue is resolved and no further action is required for this recall campaign.

Steps to take.

- Find your nearest authorized Mercedes-Benz dealership at mbusa.com/recall to schedule your recall repair if the vehicle is not at the original inspecting dealership.
- Please mention you are scheduling an appointment to replace the Brake Booster for Recall Campaign **2022090006** or **2022090007**.
- You may be asked for your VIN, which for your convenience is located at the top of this letter.

What if I no longer own or drive the vehicle?

In the event you no longer own or drive this vehicle, please visit mbusa.com/recalls to update your information by submitting your VIN using our VIN recall lookup tool and filling out the “no longer own” section on the website. If possible, please provide any contact information of the current owner/driver so we can contact them.

Additional Information for Owners:

A VIN-based recall lookup tool is available at mbusa.com/recalls, which can be used to check whether a vehicle has been subject to a safety recall, or had the remedy performed. Should you have any questions or encounter any difficulty regarding this Recall Campaign, please contact an authorized Mercedes-Benz dealership.

If this is a leased vehicle and the lessor and registered owner receive this notice, please forward this information by first class mail to the lessee within 10 business days to comply with Federal Regulations.

Should an authorized Mercedes-Benz dealership be unable to address your concerns please contact us at **1-888-548-8514**. We are always happy to hear from you.

If an authorized Mercedes-Benz dealer for any reason is unable to remedy the situation without charge, or within a reasonable amount of time, Pursuant to law 49 U.S.C. Chapter 301, you may submit a complaint to the Administrator, National Highway Traffic Safety Administration, 1200 New Jersey Avenue, S.E., Washington, D.C. 20590 or call the toll-free Auto Safety Hotline at 1-888-327-4236 (TTY 1-800-424-9153); or go to <https://www.safercar.gov>.

Don't wait. Find an authorized Mercedes-Benz dealership near you at mbusa.com/recall and schedule the recall inspection right away.

Reimbursement to Customers for Repairs Performed Prior to Recall

If you have already paid to have this recall condition corrected you may be eligible to receive reimbursement. Requests for reimbursement may include parts, labor, fees and taxes. Reimbursement may be limited to the amount the repair would have cost if completed by an authorized Mercedes-Benz dealer. The following documentation must be presented to your dealer for reimbursement.

Original or clear copy of all receipts, invoices and/or repair orders that show:

- The name and address of the person who paid for the repair.
- The Vehicle Identification Number (VIN) of the vehicle that was repaired.
- What problem occurred, what repair was done, when it was done and who repaired it.
- The total cost of the repair expense that is being claimed.
- Proof of payment of repair (copy of front and back of cancelled check, or copy of credit card receipt).
- Reimbursement will be made by check from your dealer.

Please speak with your dealer concerning this matter. Thank you for your cooperation.

We apologize for any inconvenience this may have caused and look forward to taking care of this important safety recall immediately.

Sincerely,
Mercedes-Benz USA

June, 2022

Dear Mercedes-Benz Owner:

This notice is being sent to you in accordance with the National Traffic and Motor Vehicle Safety Act.

Mercedes-Benz AG ("MBAG"), the manufacturer of Mercedes-Benz vehicles, has decided that a defect which relates to motor vehicle safety exists in certain Model Year ("MY") 2006-2011 ML-Class and MY2006-2012 GL-Class and R-Class vehicles. Our records indicate that your vehicle is included in the affected population of vehicles.

What is the issue?

Moisture may accumulate and cause corrosion in the brake booster housing unit, which can result in reduced brake performance. In some cases of severe corrosion, a particularly strong or hard braking application may cause mechanical damage in the brake booster, which can result in brake failure. In this case, it would not be possible to decelerate the vehicle via the brake pedal. Reduced brake performance or brake failure can increase the risk of a crash or injury.

Owners are advised not to drive their vehicles until the inspection is performed.

What will your Mercedes-Benz Dealership do?

An authorized Mercedes-Benz dealer will inspect the brake booster housing. While the repair time may be less than 1 hour, your dealer can provide you with a better estimate of the overall time for this inspection. After the inspection, your vehicle will fall into one of three categories:

Category 1: Vehicles will have an aesthetic rubber sleeve removed to eliminate further risk of corrosion. Vehicles that do not show advanced corrosion may continue to be driven with no further action.

Category 2: If, after the rubber sleeve is removed advanced corrosion is present, an additional diagnostic test will be performed to ensure the functionality of the brake booster. If the vehicle passes inspection, it may be driven but must return for an additional test and repair within two years. A certificate will be provided by the performing dealership. When the brake booster parts are available or the vehicle needs to be re-tested, an additional reminder owner notification letter will be mailed.

Category 3: Vehicles that do not pass the additional diagnostic test will require a brake booster replacement and the stop drive will remain in effect. At this time, parts are not available for an immediate replacement. When parts are available, an additional owner notification letter will be sent.

In the event your vehicle does not pass the diagnostic test, the vehicle may be stored at your residence or be towed to a dealership storage location. If the inspection was performed via mobile service and you choose to have the vehicle towed to a storage location, please contact the dealership to initiate the tow.

Don't wait. Find an authorized Mercedes-Benz dealership near you at mbusa.com/recall and schedule the recall inspection right away.

IMPORTANT SAFETY RECALL

Mercedes-Benz USA, LLC
 A Mercedes-Benz Group AG Company
 One Mercedes-Benz Drive
 Sandy Springs, GA 30328
 Phone: (770) 705-0600

If the dealership is unable to assist, please call 1-888-548-8514 to arrange a tow. In the event a brake booster repair is necessary, your authorized Mercedes-Benz dealer will help coordinate an individualized mobility solution since replacement parts are not available at this time. **This service will be provided free of charge.**

How do I schedule an inspection?

MBUSA strongly encourages you to schedule a mobile inspection with your local dealer. In the event a mobile inspection cannot be performed, a tow to your nearest authorized Mercedes-Benz dealership will be provided free of charge. To locate authorized dealers see www.MBUSA.com/recall. Please mention you are scheduling an appointment to inspect the brake booster housing under Recall Campaign #2022050014 or 2022050015. You may be asked for your 17-digit Vehicle Identification Number (VIN) which for your convenience is located above your name at the top of this letter.

I need alternate transportation, what are my options?

When available, a dealer may be able to provide a loaner vehicle. If no loaner vehicles are available, other solutions may be offered such as taxi/rideshare, public transportation cost reimbursement, and/or rental reimbursement. Please discuss with your dealer the conditions and availability of each option.

Will this affect other brake system components?

This recall relates to potential advanced corrosion on the brake booster housing. If other brake system component(s) are in need of repair/replacement such that they would impair or hinder inspecting the brake booster housing, the repair/replacement must be completed first to allow the brake booster housing to be inspected. These parts and labor costs are not covered under this recall and are the responsibility of the owner.

I no longer feel safe in my car. What if I no longer want to drive this vehicle?

We ensure you that the inspection program has been thoroughly vetted. If you still have concerns please contact our customer service center at 1-888-548-8514.

Steps to take.

- Find your nearest authorized Mercedes-Benz dealership at mbusa.com/recall to schedule your recall inspection.
- Please mention you are scheduling an appointment for the Mercedes-Benz Brake Booster Recall Campaign 2022050014 or 2022050015.
- You may be asked for your VIN, which for your convenience is located at the top of this letter.
- Based on the outcome of your vehicle's inspection, further steps will be provided as outlined above.

What if I no longer own or drive the vehicle?

In the event you no longer own or drive this vehicle, please visit mbusa.com/recalls to update your information by submitting your VIN using our VIN recall lookup tool and filling out the "no longer own" section on the website. If possible, please provide any contact information of the current owner/driver so we can contact them.

Additional Information for Owners:

A VIN-based recall lookup tool is available at mbusa.com/recalls, which can be used to check whether a vehicle has been subject to a safety recall, or had the remedy performed. Should you have any questions or encounter any difficulty regarding this Recall Campaign, please contact an authorized Mercedes-Benz dealership.

If this is a leased vehicle and the lessor and registered owner receive this notice, please forward this information by first class mail to the lessee within 10 business days to comply with Federal Regulations.

Don't wait. Find an authorized Mercedes-Benz dealership near you at mbusa.com/recall and schedule the recall inspection right away.

Phone: (770) 705-0600

Should an authorized Mercedes-Benz dealership be unable to address your concerns please contact us at 1-888-548-8514. We are always happy to hear from you.

If an authorized Mercedes-Benz dealer for any reason is unable to remedy the situation without charge, or within a reasonable amount of time, Pursuant to law 49 U.S.C. Chapter 301, you may submit a complaint to the Administrator, National Highway Traffic Safety Administration, 1200 New Jersey Avenue, S.E., Washington, D.C. 20590 or call the toll-free Auto Safety Hotline at 1-888-327-4236 (TTY 1-800-424-9153); or go to <https://www.safercar.gov>.

Reimbursement to Customers for Repairs Performed Prior to Recall

If you have already paid to have this recall condition corrected you may be eligible to receive reimbursement. Requests for reimbursement may include parts, labor, fees and taxes. Reimbursement may be limited to the amount the repair would have cost if completed by an authorized Mercedes-Benz dealer. The following documentation must be presented to your dealer for reimbursement.

Original or clear copy of all receipts, invoices and/or repair orders that show:

- The name and address of the person who paid for the repair.
- The Vehicle Identification Number (VIN) of the vehicle that was repaired.
- What problem occurred, what repair was done, when it was done and who repaired it.
- The total cost of the repair expense that is being claimed.
- Proof of payment of repair (copy of front and back of cancelled check, or copy of credit card receipt).
- Reimbursement will be made by check from your dealer.

Please speak with your dealer concerning this matter. Thank you for your cooperation.

We apologize for any inconvenience this may have caused and look forward to taking care of this important safety recall immediately.

Sincerely,
Mercedes-Benz USA

Don't wait. Find an authorized Mercedes-Benz dealership near you
at mbusa.com/recall and schedule the recall inspection right away.

Subject: Brake Booster Corrosion May Impair Braking

Dear Mr. Gunther:

This letter serves to acknowledge Mercedes-Benz USA, LLC's notification to the National Highway Traffic Safety Administration (NHTSA) of a safety recall which will be conducted pursuant to Federal law for the product(s) listed below. Please review the following information to ensure that it conforms to your records as this information is being made available to the public. If the information does not agree with your records, please contact us immediately to discuss your concerns.

MERCEDES-BENZ/R550/2008

Mfr's Report Date: May 9, 2022

NHTSA Campaign Number: 22V-315

Components:

SERVICE BRAKES, HYDRAULIC:POWER ASSIST:VACUUM

Potential Number of Units Affected: 292,287

Problem Description:

Mercedes-Benz USA, LLC (MBUSA) is recalling certain 2006-2012 ML-Class, GL-Class, and R-Class vehicles. Please refer to MBUSA's recall report for specific vehicle model details. Moisture may accumulate and cause corrosion in the brake booster housing unit, which can result in reduced brake performance or brake failure.

Consequence:

Reduced brake performance or brake failure can increase the risk of a crash.

Remedy:

Owners are advised not to drive their vehicles until the remedy has been performed. Dealers will remove the rubber sleeve, inspect the brake booster, and as necessary, replace the brake booster. All repairs will be performed free of charge. Owner notification letters are expected to be mailed May 27, 2022. Owners may contact MBUSA customer service at 1-800-367-6372.

Notes:

Owners may also contact the National Highway Traffic Safety Administration Vehicle Safety Hotline at 1-888-327-4236 (TTY 1-800-424-9153), or go to www.nhtsa.gov.

Please be reminded of the following requirements:

You are required to submit a draft owner notification letter to this office no less than five days prior to mailing it to the customers. Also, copies of all notices, bulletins, dealer notifications, and other communications that relate to this recall, including a copy of the final owner notification letter and any subsequent owner follow-up notification letter(s), are required to be submitted to this office no later than 5 days after they are originally sent (if they are sent to more than one manufacturer, distributor, dealer, or purchaser/owner).

As stated in Part 573.7, submission of the first of eight consecutive quarterly status reports is required within one month after the close of the calendar quarter in which notification to purchasers occurs. Therefore, the first quarterly report will be due on, or before, 30 days after the close of the calendar quarter.

Mercedes-Benz USA, LLC's contact for this recall will be Emily C. Smith who may be reached by email at emily.c.smith@dot.gov. We look forward to working with you.

Sincerely,

Alex Ansley
Chief, Recall Management Division
Office of Defects Investigation
Enforcement

899325	8/10/2022	70819503	51114	4290005	UNDEFINED---	42	Brakes	163,508	PERFORM MB RECALL 2022050014 OR 2022050015 AS PER MB WORK INSTRUCTIONS. THIS RECALL RELATED TO THE BRAKE BOOSTER ONLY. OTHER COMPONENTS IN NEED OF REPAIRS ARE NOT COVERED BY THIS RECALL. ASSUMPTION OF RISK FOR REMOVAL OF VEHICLE I UNDERSTAND THAT MY VEHICLE IS SUBJECT TO A STOP DRIVE RECALL AND THAT CONTINUING TO DRIVE MY VEHICLE INVOLVES INHERENT RISKS AND DANGERS OF ACCIDENTS, PROPERTY DAMAGE, OR LOSS, AND SERIOUS PERSONAL INJURY TO ME AND OTHERS AS WELL AS POTENTIAL FINANCIAL LOSSES. I HAVE CAREFULLY CONSIDERED THE EXTENT OF THE RISKS INVOLVED, AND I VOLUNTARILY AND FREELY CHOOSE TO ASSUME THESE RISKS.; DC-42900057; THERE WAS RUST SPOTS ON THE RUBBER SLEEVE THAT EXCEEDED 15MM, THEREFORE THE ENTRY TEST HAD TO BE CARRIED OUT. THE RESULT OF TEST IS THAT BRAKE BOOSTER IS OK.

Glossary

- First Owner**
When the first owner(s) obtains a title from a Department of Motor Vehicles as proof of ownership.
- Lease**
When someone leases a car from a dealer, the dealer actually sells the vehicle to a leasing company. The leasing company then collects payments for the vehicle from the new owner for 24, 36, 48 or more months. A leasing company can be an independent car dealer or a car manufacturer.
- New Owner Reported**
When a vehicle is sold to a new owner, the Title must be transferred to the new owner(s) at a Department of Motor Vehicles.
- Ownership History**
CARFAX defines an owner as an individual or business that possesses and uses a vehicle. Not all title transactions represent changes in ownership. To provide estimated number of owners, CARFAX proprietary technology analyzes all the events in a vehicle history. Estimated ownership is available for vehicles manufactured after 1991 and titled solely in the US including Puerto Rico. Dealers sometimes opt to take ownership of a vehicle and are required to in the following states: Maine, Massachusetts, New Jersey, Ohio, Oklahoma, Pennsylvania and South Dakota. Please consider this as you review a vehicle's estimated ownership history.
- Title Issued**
A state issues a title to provide a vehicle owner with proof of ownership. Each title has a unique number. Each title or registration record on a CARFAX report does not necessarily indicate a change in ownership. In Canada, a registration and bill of sale are used as proof of ownership.

VIN: 4JGBF7BE8CA770773				MY 2012			GL Class	Series 164	GL450
					Driver-Side Airbag---		Systems		
63471	7/14/2022	70699319	51146	4290005	UNDEFINED---	42	Brakes	86,362	Open Campaign 2022050015 - 22P4290005;the function of the brake booster might be affected due to advanced corrosion in the joint ar ea of its housing. After extended time in the field and in conjunction with prolonged water exposure, thiscorrosion might lead to a vacuum leak at the brake booster. If this were to occur, the brake force support might be reduced, leading to an increase in the b rake pedal forces required to decelerate the vehicle, and/or increased stopping distances. Additionally, in rare cases of very seve re corrosion, it might be possible for a particularly strong or hard brake application to cause mechanical damage in the brake boos ter, whereby the connection between brake pedal and brake system would fail. In such a very rare case, it would not be possible to d ecelerate the vehicle via the brake pedal. The risk of a crash or injury would be increased. The function of the parking brake is n ot affected by this issue. Before the issue occurs, the driver might notice a change in the brake pedal feel and/or hissing/airflow noises when applying the brake pedal. MBUSA will conduct a voluntary recall DC 42900057;performed recall by inspecting rubberband and found no rust points on the band. from there recall is done and passed no further testing required. put a white mark on booster and took picture of rubber band next to the VIN

To the Owner

General

The subsequent pages of this Service and Warranty Information booklet describe some service requirements and the warranties you receive as a Mercedes-Benz owner.

Your vehicle is covered under the terms of these “Warranties” and your authorized Mercedes-Benz Center will exchange or repair any defective parts in accordance with the terms of such warranties within stated limits.

Please keep this booklet together with the Operator’s Manual, Maintenance Booklet and other documents concerning your vehicle so that future owners will have access to this literature if you should sell the vehicle.

See (▷ Page 64) for a list of models covered in this edition.

Replacement Parts for Your Mercedes-Benz

Genuine Mercedes-Benz parts, exchange units and factory approved accessories are the recommended replacement parts for your Mercedes-Benz vehicle and are available through your authorized Mercedes-Benz Center.

These parts meet the same exacting quality control standards as the original equipment on your vehicle and comply with all applicable Federal and State safety regulations.

Consult your authorized Mercedes-Benz Center for warranty and other details. Also ask your Center about exchange parts under the Mercedes-Benz Exchange Program. These parts cost less than new parts but carry the same warranty terms.

As a MERCEDES-BENZ OWNER you deserve service unparalleled in the industry.

To meet your service needs, your authorized Mercedes-Benz Center employs a specially factory trained staff using the latest diagnostic and service techniques. Whether it is a small adjustment or major service, your authorized Mercedes-Benz Center will work to accommodate you quickly and efficiently.

Finally, should you ever experience an emergency repair situation, our 24-Hour Roadside Assistance Program is only a toll free call away. (1-800-FOR-MERCEdes)

Limited Warranty - 2011 Registration Year Vehicles

Items Which Are Covered:

DEFECTS: Mercedes-Benz USA, LLC (MBUSA) warrants to the original and each subsequent owner of a new Mercedes-Benz vehicle that any authorized Mercedes-Benz Center will make any repairs or replacements necessary, to correct defects in material or workmanship arising during the warranty period.

ANY AUTHORIZED MERCEDES-BENZ CENTER: Any authorized Mercedes-Benz Center of the owner's choice will perform warranty repairs or replacements. The vehicle should be delivered to an authorized Mercedes-Benz Center during normal service hours. A reasonable time should be allowed after taking the vehicle to an authorized Mercedes-Benz Center for performance of the repair.

WARRANTY PERIOD: This warranty is for 48 months or 50,000 miles, whichever occurs first.

WARRANTY STARTS: The warranty period starts on the date the vehicle is delivered to the first retail purchaser or put in service as an authorized Mercedes-Benz Center demonstrator or Mercedes-Benz USA, LLC (MBUSA) or Mercedes-Benz U.S. International, Inc. (MBUSI) or Mercedes-Benz Research & Development North America, Inc. (MBRDNA) company vehicle.

WHEEL ALIGNMENT AND BALANCING: Wheel alignment and wheel balancing as a result of a manufacturing defect are covered during the first 12 months or 12,000 miles, whichever occurs first, and will be performed by any authorized Mercedes-Benz Center. (▷ Page 14)

TIRES: The tires supplied on your vehicle are covered against defects in material or workmanship for the period of 12 months and/or 12,000 miles from date of delivery or when the vehicle was put in service.

Should the tire become unserviceable for either of the above reasons, the tire will be replaced free of charge, including mounting and balancing, provided 1.6 mm of tread depth remains over the entire tread surface.(▷ Page 14)

The tire manufacturer's warranty coverage may extend beyond the Mercedes-Benz coverage. See tire manufacturer's warranty booklet in the owner's literature package or consult with the tire manufacturer's dealer for specific details.

Tire rotations, if applicable to your vehicle's tire configuration, are a required maintenance service. Not performing tire rotations may void the Mercedes-Benz tire warranty coverage.

Limited Warranty - 2011 Registration Year Vehicles

Items Which Are Covered: (cont'd)

BRAKE PADS AND DISCS: Brake pads and discs are covered against defects in material or workmanship for 12 months or 12,000 miles, whichever occurs first.
(▷ Page 14)

GLASS: Glass is warranted against stress cracks for 12 months or 12,000 miles, whichever occurs first. (▷ Page 15)

WIPER BLADES AND INSERTS: Wiper blades and wiper blade inserts are covered against defects in material or workmanship for 12 months or 12,000 miles, whichever occurs first. (▷ Page 14)

PORTABLE/REMOVABLE ELECTRONIC DEVICES: Original and replacement Mercedes-Benz mobile phone handsets, cradles, Bluetooth® adaptors, and batteries are covered for 12 months from the date of purchase or replacement.

NO CHARGE: Warranty repairs will be made at no charge for parts and labor.

WARRANTY AVAILABLE: This warranty is applicable only in the United States and Puerto Rico. If you take your vehicle to Canada temporarily, such as on vacation, warranty service may be requested from any authorized Mercedes-Benz Center.

In all other countries defects in material and workmanship will be handled in accordance with the terms and limitations of a Limited Warranty of 24 months with unlimited miles.

Limited Warranty - 2011 Registration Year Vehicles

This warranty gives you specific legal rights and you may also have other rights which vary from state to state.

EXCEPT FOR THE EMISSION SYSTEMS WARRANTIES, THIS IS THE ONLY WARRANTY GIVEN WITH THE PURCHASE OF A MERCEDES-BENZ VEHICLE. THE IMPLIED WARRANTIES OF MERCHANTABILITY AND FITNESS FOR A PARTICULAR PURPOSE ARE LIMITED TO THE FIRST TO OCCUR OF 48 MONTHS OR 50,000 MILES FROM THE DATE OF INITIAL OPERATION OR ITS RETAIL DELIVERY, WHICHEVER EVENT SHALL FIRST OCCUR. DAIMLER AG, MERCEDES-BENZ USA, LLC, MERCEDES-BENZ U.S. INTERNATIONAL, INC, MERCEDES-BENZ RESEARCH & DEVELOPMENT NORTH AMERICA, INC. OR THE AUTHORIZED MERCEDES-BENZ CENTER NEITHER ASSUME NOR AUTHORIZE ANY PERSON TO ASSUME FOR THEM ANY OTHER LIABILITY IN CONNECTION WITH SUCH VEHICLE. NO PAYMENT OR OTHER COMPENSATION WILL BE MADE FOR INDIRECT OR CONSEQUENTIAL DAMAGE SUCH AS DAMAGE OR INJURY TO PERSON OR PROPERTY OR LOSS OF REVENUE WHICH MIGHT BE PAID, INCURRED OR SUSTAINED BY REASON OF THE FAILURE OF ANY PART OR ASSEMBLY WHICH MAY BE REPAIRED OR REPLACED IN ACCORDANCE WITH THE TERMS OF THIS WARRANTY.

Some states do not allow the exclusion or limitation of incidental or consequential damages or limitation on how long an implied warranty lasts, so the above limitation may not apply to you.

Limited Warranty - 2011 Registration Year Vehicles

Items Which Are Not Covered:

TIRE DAMAGE: Damage to the tires such as punctures, cuts, snags, bruises, impact damage and breaks resulting from pothole impact, curb impact or from other objects, are not covered. Damage from incorrect inflation, excessive axle load, high speed spinning (when stuck in ice, mud or snow), tire chains, racing or competitive driving events, incorrect mounting or demounting, improper puncture repair, misuse, negligence, alteration and misapplication, are not covered. Rapid or irregular tread wear due to lack of tire rotation according to the recommended intervals specified in your vehicle's maintenance booklet or incorrect wheel alignment or tire balance is not covered. Tread wear out is also not covered.

WHEEL ALIGNMENT: Adjustments for road crown issues are not covered.

BRAKE PADS AND DISCS: Replacement due to normal wear or as part of regular maintenance is not covered.

WIPER BLADES AND INSERTS: Damaged or worn wiper blades and wiper blade inserts are not covered.

DAMAGE DUE TO ACCIDENTS, MISUSE OR NEGLIGENCE: Accidents or damage from objects striking the vehicle. Misuse of the vehicle such as driving over curbs, overloading, improper operation, storage or transport (Proper use is described in the Operator's Manual).

DAMAGE DUE TO LACK OF MAINTENANCE: Lack of proper maintenance as described in the Maintenance Booklet. Use of service parts or fluids, such as paper oil filters or improper engine oil, which are non-approved by MBUSA, will cause engine damage not covered by the warranty.

NORMAL MAINTENANCE IS OWNER'S RESPONSIBILITY: Cleaning and polishing, lubrication and filters, engine tune-up, replacing worn wiper blades, wiper rubber inserts, brake pads and discs, and clutch discs and pressure plates are some of the normal maintenance services required and are not covered by this warranty. See Maintenance Booklet for details.

Damage caused by the use of improper filters (including oil filters), engine oils, fluids, cleaners, polishes, or waxes is not covered. Original equipment remote control key batteries are covered for the first 90 days from the vehicle warranty start date.

Limited Warranty - 2011 Registration Year Vehicles

Items Which Are Not Covered: (cont'd)

DAMAGE DUE TO ALTERATIONS: Alterations by changing or adding to the vehicle can adversely affect its performance, reliability and longevity and are not covered by this warranty.

DAMAGE CAUSED BY REPAIR PARTS: Malfunctions caused by the use of other than Genuine Mercedes-Benz parts and accessories and damages or malfunctions resulting from poor fuel quality or from blending additional fuel additives other than those expressly approved for use in exceptional circumstances (see vehicle operator's manual) by MBUSA are not covered.

DAMAGE CAUSED BY IMPROPER BODY REPAIRS: Damage or malfunctions caused by body repairs not performed in accordance with Mercedes-Benz specified repair procedures or otherwise improperly performed are not covered by this warranty.

ALTERED ODOMETER: No warranty coverage shall apply to any vehicle on which the odometer has been altered and the actual mileage cannot be determined.

DAMAGE FROM THE ENVIRONMENT: Parts made from cloth or leather (upholstery, convertible tops, trim items), wood, paint or chrome which have been affected by airborne fallout, such as chemical and tree sap, or by road salt, hail, windstorm or other environmental factors are not covered by this warranty.

DAMAGE TO GLASS: Glass breakage or scratches are not covered unless positive physical proof of a manufacturing defect can be established.

EXTRA EXPENSES: This warranty does not cover payment for loss of use of the vehicle during warranty repairs nor lodging bills, substitute transportation rentals, or other travel costs, telephone calls, loss of pay, or other economic loss or consequential damages.

CHANGES IN DESIGN: The manufacturer has reserved the right to make any changes in design or to make additions to, or upon its products without incurring any obligations to install the same equipment on motor vehicles previously built.

RACING OR COMPETITIVE EVENTS: Your limited warranties do not cover the costs of repairing damage or conditions caused by racing, nor do they cover the repair of any defects that are found as the result of participating in a racing event.

Mercedes-Benz New Vehicle Limited Warranty - Things You Should Know

General

Our intention is to repair under warranty, without charge to you, anything that goes wrong with your vehicle during the warranty period which is our fault. All we ask is that you properly maintain and care for the vehicle and that you have warranty repairs performed by an authorized Mercedes-Benz Center.

Please note the difference between “defects” and “damage” as used in the warranty. Defects are covered since we, the distributor are responsible. Conversely, we have no control over damage caused by such things as, but not limited to collision, misuse, and lack of or improper maintenance. Therefore, damage for whatever reason is not covered by the warranty.

It is the owner’s responsibility to maintain the vehicle according to the Maintenance Schedule provided. All maintenance services must be accomplished to keep your warranty coverage valid. When requesting service or repair work under warranty, the owner must present to the authorized Mercedes-Benz Center evidence that the periodic servicing requirements have been accomplished. Receipts covering completion of required servicing should be retained in the event a question arises concerning maintenance.

These receipts should be transferred to each subsequent owner of the vehicle. For your convenience, the Maintenance Booklet has been designed to incorporate the signature of your authorized Mercedes-Benz Center upon completion of the required maintenance services.

This signature is evidence of completion of the maintenance services and should be kept together with other receipts, repair orders and invoices.

If the owner has a warranty claim and can show through receipted invoices that the vehicle has received the required servicing, the authorized Mercedes-Benz Center will perform the warranty work without charging for parts and labor. It is the responsibility of the owner to prove and the authorized Mercedes-Benz Center to judge whether the required maintenance service has been performed.

MBUSA’s obligation is limited to the authorization to exchange or repair at its option such parts which are acknowledged by it to be defective. In case of defective assemblies, factory rebuilt units can be used in exchange instead of their repair. The replaced defective parts or assemblies shall become the property of MBUSA. Warranty repairs do not constitute an extension of the original warranty period for the vehicle or a part thereof.

Mercedes-Benz New Vehicle Limited Warranty - Things You Should Know

Insurance Write-Off; or Repaired or Replaced Parts

Any vehicle which has been damaged to such an extent that the owner, insurer, financing institution or leasing company determined the vehicle to be a "total loss", "write off" or equivalent, is not covered by this warranty. This includes but is not limited to vehicles issued a "salvage", "scrap", "dismantled" or similar title under any state's law.

Any parts repaired or replaced under an insurance claim or required as a result of events which are not covered under this warranty (see "Items Which Are Not Covered", (> Page 14), for example, damages due to accidents, misuse, or negligence, and in either case, any subsequent consequential damage to the vehicle are not covered by this warranty.

Paint and Other Appearance Items

Defects in paint, trim or other appearance items are normally taken care of during our new vehicle preparation or by the authorized Mercedes-Benz Center during new vehicle inspection. We suggest that if you find any paint or appearance problems that you advise your authorized Mercedes-Benz Center as soon as possible since deterioration due to use and exposure is not covered by the warranty.

The instructions in your Operator's Manual regarding the care of paint, upholstery, trim items and convertible tops, as applicable, must be followed explicitly to maintain your warranty coverage.

Body Repair Information

Due to the materials and assembly procedures used in the production of Mercedes-Benz vehicles, it is strongly recommended that any paint work/body repairs be performed using Genuine Mercedes-Benz parts by repair facilities which have been certified by Mercedes-Benz USA as having the tools, equipment and training necessary to perform such repairs. Mercedes-Benz USA has certified a network of body repair facilities which are qualified to perform both cosmetic and structural repairs to your vehicle.

While the vehicle owner may elect to have repairs (collision damage/paint repair work) performed by any automobile body repair establishment or individual, damage or malfunction caused by body repairs not performed in accordance with Mercedes-Benz specified repair procedures are not covered by the Mercedes-Benz New Vehicle Limited Warranty.

Should your vehicle need paint work/body repair or if you have any questions please contact your authorized Mercedes-Benz Center or call 1-800-FOR-MERCEdes.

Customer Repair Orders

Your servicing authorized Mercedes-Benz Center will give you a copy of the Repair Order on all warranty repairs performed. Please keep this copy with your vehicle records.

Mercedes-Benz New Vehicle Limited Warranty Coverage Addendum

Warranty Coverage Extension (Electro-Hydraulic Brake System Hydraulic Pump)

The following applies to all SL-Class vehicles equipped with the Electro-hydraulic brake system.

The Mercedes-Benz New Vehicle Limited Warranty coverage on the hydraulic pump within the Electro-hydraulic brake system is extended to 10 years with unlimited miles from the vehicle's warranty start date. Other components of the Electro-hydraulic brake system are not covered by this warranty extension.

This extension of the Mercedes-Benz New Vehicle Limited Warranty applies to these vehicles regardless of ownership. All of the other warranty terms apply to this extension.

Notes

Emission Control System Maintenance

General

The law requires your vehicle to conform to exhaust emission standards. To provide the best vehicle performance and lowest vehicle emissions, you are responsible to see that all recommended maintenance procedures detailed in the Maintenance Booklet are performed at the specified times and mileages. The emission control warranty does not cover failures due solely to owner abuse or lack of proper maintenance.

More frequent maintenance may be needed for vehicles under severe operating conditions such as dusty areas, very short trip driving or trailer towing.

While maintenance service can be performed by any qualified service outlet, we recommend that all maintenance services be performed by your authorized Mercedes-Benz Center who is equipped with the tools, instruments, and literature necessary for correct and systematic performance of these services. Although warranty obligations are not dependent upon the use of any particular brand of replacement parts and you may elect to use non-Genuine Mercedes-Benz parts for replacement purposes, we recommend the use of Genuine Mercedes-Benz parts for service and repairs, since they have been made according to the manufacturer's specifications. It is also important to use only fuels and lubricants meeting factory specifications, since the emission systems warranty does not cover repair or replacement of parts necessitated by failure of such items.

For detailed information concerning emission control system maintenance, please refer to your Maintenance Booklet. If you should desire further information concerning tune-up specifications or emission control system maintenance jobs, we recommend obtaining maintenance-related literature. Such literature is available from either your authorized Mercedes-Benz Center or directly from Mercedes-Benz USA, LLC.

Emission Systems Warranty (Federal)

General

In accordance with the requirements of the Federal Clean Air Act as amended, Mercedes-Benz USA, LLC warrants to the original and each subsequent owner of a new Mercedes-Benz vehicle that:

(1) the vehicle was designed, built and equipped so as to conform, at the time of sale to the original owner, with the then applicable regulations issued by the Federal Environmental Protection Agency under authority of the Federal Clean Air Act as amended; and

(2) the vehicle is free from defects in materials and workmanship at the time of sale which would cause it not to conform with those regulations within a period of two years or 24,000 miles from the date of initial operation of the vehicle, whichever occurs first; and

(3) is free from defects in material and workmanship in specific emission related parts as specified in the lists shown on page (▷ Page 28) which would cause them not to conform with those requirements for a period of 8 years or 80,000 miles, whichever occurs first.

This Warranty Does Not Apply To:

1. The repair or replacement of warranted parts which are scheduled to be replaced prior to 80,000 miles. These parts are no longer covered once they have been replaced at the first required replacement interval during a regular maintenance service.
2. Any vehicle on which the odometer mileage has been altered and the vehicle's actual mileage cannot be readily determined.
3. Loss of time, inconvenience, loss of the use of the vehicle or similar incidental or consequential damages.

Emission Systems Warranty (Federal)

This warranty will be performed by any authorized Mercedes-Benz Center of the owner's choice - repairing, replacing or adjusting at the authorized Mercedes-Benz Center's discretion, upon delivery of the vehicle to the authorized Mercedes-Benz Center's place of business without charge for parts and labor (including diagnosis), using Genuine Mercedes-Benz parts to assure compliance with applicable regulations. Parts replaced under this warranty become the property of the warrantor.

This warranty is available on a vehicle purchased in the United States or in any U.S. possession governed by U.S. law.

In all other countries, defective parts will be repaired or replaced free of charge only in accordance with the terms and limitations of the warranty for new Mercedes-Benz vehicles in effect at the time in such countries.

WITH RESPECT TO EMISSION SYSTEMS, THIS WARRANTY AND THE EMISSIONS PERFORMANCE WARRANTY ARE EXPRESSLY IN LIEU OF ALL OTHER WARRANTIES AND REPRESENTATIONS, EXPRESSED OR IMPLIED, INCLUDING, BUT NOT LIMITED TO, IMPLIED WARRANTY OF MERCHANTABILITY OR FITNESS FOR A PARTICULAR PURPOSE, AND OF ALL OTHER OBLIGATIONS OR LIABILITIES ON THE PART OF THE WARRANTOR. DAIMLER AG, MERCEDES-BENZ USA, LLC, MERCEDES-BENZ U.S. INTERNATIONAL, INC, MERCEDES-BENZ RESEARCH & DEVELOPMENT NORTH AMERICA, INC. OR THE SELLING AUTHORIZED MERCEDES-BENZ CENTER NEITHER ASSUME NOR AUTHORIZE ANY OTHER PERSON TO ASSUME FOR THEM ANY OTHER LIABILITY IN CONNECTION WITH SUCH EMISSION SYSTEMS.

See (▷ Page 28, 30, 54) for components covered by this warranty.

Emission Performance Warranty (Federal) - Things You Should Know

General

You may present a claim under this warranty immediately after your vehicle has failed an EPA approved emission short test if, as a result of that failure, you are required by law to repair the vehicle to avoid the imposition of a penalty or sanction. You do not need to suffer the loss of the right to use the vehicle, pay a fine, or incur repair expenses before bringing this claim. Your warranty claim may be presented to any authorized Mercedes-Benz Center of your choice in the USA or its territories.

The authorized Mercedes-Benz Center will honor or deny your claim within a reasonable time not to exceed 30 days, from the time at which your vehicle is initially presented for repair or within any time period specified by local, State or Federal Law, whichever is shorter, except when a delay is caused by events not attributable to MBUSA or your authorized Mercedes-Benz Center. You will be notified in writing by your authorized Mercedes-Benz Center of the reason for any denial of your claim.

Your authorized Mercedes-Benz Center is required by law to honor your claim if such notice of denial is not received by you within said time period.

You may obtain further information concerning the emission performance warranty or report violations of the terms of the Emission Performance Warranty by contacting the Director, Field Operation and Support Division (EN-397F), Environmental Protection Agency, 401 "M" Street, SW., Washington, D.C. 20460.

Emission Performance Warranty (Federal)

NOTE: The Emission Performance Warranty is required by Federal Law, and is effective only to the extent required by that law. To the extent the underlying law is suspended or amended, this Warranty is automatically altered in the same manner, without further notice.

Mercedes-Benz USA, LLC (MBUSA) warrants to the original and each subsequent owner of a new Mercedes-Benz vehicle that:

- a. if the vehicle is maintained and operated in accordance with MBUSA's written instructions for required maintenance and use, and
- b. if the vehicle fails to conform at any time during 8 years or 80,000 miles, whichever first occurs, to the applicable emission standards as ascertained by an EPA-approved emission short test, and
- c. if such non-conformity results or will result in the vehicle owner having to bear any penalty or other sanction (including the denial of the right to use the vehicle) under local, State or Federal law, then any authorized Mercedes-Benz Center during the first 24 months or 24,000 miles will make any repairs or replacements necessary to specified systems/components to correct the non-conformity or so that the vehicle will pass the smog check test at no charge for parts and labor (including diagnosis).

For the remainder of the 8 years or 80,000 miles the authorized Mercedes-Benz Center will correct only those deficiencies directly related to the specified components in the attached list which have been installed in or on the vehicle for the sole or primary purpose of reducing vehicle emissions and that were not in general use prior to Model Year 1968.

Emission Performance Warranty (Federal)

Parts replaced under this warranty become the property of the warrantor. The warranty period starts on the date the vehicle is delivered to the first retail purchaser or put into service as an authorized Mercedes-Benz Center demonstrator or MBUSI, MBUSA or MBRDNA company vehicle.

The emission control system of your new Mercedes-Benz vehicle was designed, built and tested using Genuine Mercedes-Benz parts and the vehicle is certified as being in conformity with Federal emission control regulations and requirements. Accordingly, it is recommended that any replacement parts used for maintenance, repair or replacement of emission related components be Genuine Mercedes-Benz Parts, including Remanufactured Parts.

The owner may elect to have maintenance, replacement or repair of the emission control devices and systems performed by any automotive repair establishment or individual, and may elect to use other than Genuine Mercedes-Benz Parts, including Remanufactured Parts for such maintenance, replacement or repair without invalidating this warranty; the cost of such service or parts, however, will not be covered under the warranty except in the case of an emergency.

Use of replacement parts which are not of equivalent quality and design may impair the effectiveness of the emission control systems.

If other than Genuine Mercedes-Benz Parts, including Remanufactured Parts are being used for maintenance, replacement or repair of components affecting emission control, the owner should obtain assurances that such parts are warranted by their manufacturer to be equivalent to Genuine Mercedes-Benz parts in performance and durability.

MBUSA, however, assumes no liability under this warranty with respect to parts other than Genuine Mercedes-Benz Parts, including Remanufactured Parts except for consequential damage to a non-Mercedes-Benz warranted part caused by a failure of a Mercedes-Benz part. However, the use of non-Mercedes-Benz replacement parts does not invalidate the warranty on other components unless non-Mercedes-Benz parts cause damage to warranted parts.

Emission Performance Warranty (Federal)

MBUSA may deny an emission performance warranty claim if the failure of a part is the result of:

a. non-compliance with the written instructions for required maintenance and use. These written instructions, including time and mileage intervals at which maintenance is to be performed may be found in the Maintenance Booklet and Operator's Manual provided with your vehicle. You are advised to perform all recommended maintenance or repairs on your new Mercedes-Benz vehicle. MBUSA may deny a warranty claim if your failure to perform the required maintenance resulted in the failure of the warranted part in question. Receipts and service records covering the performance of regular maintenance should be retained in the event questions arise concerning maintenance. The receipts and service records should be transferred to each subsequent owner of this vehicle.

b. vehicle abuse or maintenance performed in such a manner that an emission component was improperly installed or adjusted substantially outside the manufacturer's specifications or which resulted in removing or rendering inoperative any component affecting the vehicle's emissions.

c. using non-EPA certified replacement parts in the maintenance or repair of the vehicle which ultimately proved to be defective in material or workmanship or not equivalent from an emission standpoint to the original equipment part and the owner is unable to prove otherwise.

Mercedes-Benz USA, LLC may deny an emission related warranty claim if it can establish that the failure or the malfunction of an emission control system part results directly from the use of:

- Gasoline engines
non-premium low octane gasoline with an anti-knock index of below 91
- or
- Diesel engines
diesel fuel other than S15 ULTRA-LOW SULFUR HIGHWAY DIESEL FUEL (15 ppm SULFUR MAXIMUM)

Emission Performance Warranty (Federal)

This Warranty Does Not Cover:

- a. Malfunctions in any part caused by any of the following: misuse, improper adjustments, modification, alteration, tampering, disconnection, improper or inadequate maintenance, or use of leaded gasoline for catalyst equipped vehicles.
- b. Damage resulting from accident, acts of nature or other events beyond the control of MBUSA.
- c. The repair or replacement of warranted parts which are scheduled for replacement prior to 80,000 miles once these have been replaced at the first replacement interval as part of regular maintenance service.
- d. Loss of time, inconvenience, loss of use of the vehicle, or other incidental or consequential damages.
- e. Any vehicle on which the odometer mileage has been altered so that the vehicle's actual mileage cannot be determined.

This warranty is available on a vehicle purchased in the United States or in any U.S. possession governed by U.S. law.

In all other countries, defective parts will be repaired or replaced free of charge only in accordance with the terms and limitations of the warranty for new Mercedes-Benz vehicles in effect at the time in such countries.

EXCEPT FOR THE EMISSION CONTROL WARRANTY, THIS WARRANTY AND THE LIMITED WARRANTY FOR NEW MERCEDES-BENZ VEHICLES ARE EXPRESSLY IN LIEU OF ALL OTHER WARRANTIES AND REPRESENTATION, EXPRESSED OR IMPLIED, INCLUDING, BUT NOT LIMITED TO, IMPLIED WARRANTY OF MERCHANTABILITY OR FITNESS FOR A PARTICULAR PURPOSE, AND OF ALL OTHER OBLIGATIONS OR LIABILITIES ON THE PART OF THE WARRANTOR. DAIMLER AG, MERCEDES-BENZ USA, LLC, MERCEDES-BENZ U.S. INTERNATIONAL, INC, MERCEDES-BENZ RESEARCH & DEVELOPMENT NORTH AMERICA, INC. OR THE SELLING AUTHORIZED MERCEDES-BENZ CENTER NEITHER ASSUME NOR AUTHORIZE ANY OTHER PERSON TO ASSUME FOR THEM ANY OTHER LIABILITY IN CONNECTION WITH SUCH EMISSION SYSTEMS.

The lists shown on (▷ Page 28, 30, 54) set forth the emission related components which may be covered by the emissions performance warranty.

Mercedes-Benz Warranted Emission Related Components for MY 2011 - Gasoline or Flexible Fuel Engine

I. Air Induction System

- Air Cleaner Housing
- Air Cleaner with Integrated Hydrocarbon Trap
- Charge Air Cooler
- Camshaft Adjuster
- Deceleration Air Switching Valve
- Intake Manifold
- Intake Manifold with Integrated Vacuum Reservoir (and Integrated Variable Intake System Actuator)
- Supercharger
- Supercharger Bypass Valve
- Tumble Flap Switching Valve
- Turbocharger
- Variable Intake System Actuator
- Variable Intake System Switching Valve

II. Fuel Metering System

- Fuel Injector
- Fuel Management System
- Fuel Filter (with Integrated Pressure Regulator)
- Fuel Pressure Regulator
- Fuel Pressure Sensor
- Fuel Pump
- Fuel Pump Control Unit
- Fuel Rail
- Fuel System Control Module
- High Pressure Pump
- Throttle Actuator

III. Ignition System

- Ignition Coil
- Ignition Module
- Spark Plug

IV. Positive Crankcase Ventilation

- Crankcase Ventilation Line
- Oil Filler Cap

V. Fuel Evaporative Control

- EVAP Canister
- EVAP Canister Purge Valve
- EVAP Purge Line
- EVAP Shutoff Valve
- Expansion Tank
- Fuel Filler Cap
- Fuel Filler Neck (without Expansion Tank)
- Fuel Tank
- Fuel Tank Insulation Valve
- Fuel Tank Leak Diagnostic Module
- Fuel Tank Pressure Sensor
- Fuel Tank Vent Valve

VI. Secondary Air Injection System

- Air Combination Valve
- Air Switching Valve
- Air Vacuum Check Valve
- Electric Air Pump
- Electro-Pneumatic Transducer (Frequency Control)

VII. Exhaust

- Exhaust Manifold
- Exhaust Manifold with Catalyst*
- Front Exhaust Pipe with Catalyst*
- Three-Way-Catalyst*

Mercedes-Benz Warranted Emission Related Components for MY 2011 - Gasoline or Flexible Fuel Engine

VIII. Engine Emissions Control Systems/

Sensors

Accelerator Pedal Module
Camshaft Position Sensor
Charge Air Pressure Sensor
Crankshaft Position Sensor
Engine Control Module*
Engine Coolant Temperature Sensor

Emission Control System Warranty - Things You Should Know

Your Warranty Rights and Obligations: **Manufacturer's Warranty Coverage:**

The California Air Resources Board and Mercedes-Benz USA, LLC are pleased to explain the emission control system warranty on your Mercedes-Benz vehicle. In California, Connecticut, Maine, Maryland, Massachusetts, New Jersey, New Mexico, Oregon, Pennsylvania, Rhode Island, Vermont and Washington, new motor vehicles must be designed, built and equipped to meet these states' stringent anti-smog standards. MBUSA must warrant the emission control system on your Mercedes-Benz vehicle for the periods of time listed below provided there has been no abuse, neglect or improper maintenance of your vehicle.

Your emission control system may include such parts as the fuel injection system, ignition system, catalytic converter and engine computers. Also included may be hoses, belts, connectors and other emission related assemblies.

Where a warrantable condition exists, MBUSA will repair your Mercedes-Benz vehicle at no cost to you including diagnosis, parts and labor.

For 3 years or 50,000 miles, whichever first occurs:

1. If your Mercedes-Benz vehicle fails a Smog Check Inspection, all necessary repairs and adjustments will be made by MBUSA to ensure that your vehicle passes the inspection. This is your emission control system PERFORMANCE WARRANTY.
2. If any emission related part on your MB vehicle is defective, the part will be repaired or replaced by MBUSA. This is your short-term emission control system DEFECTS WARRANTY.

For 7 years or 70,000 miles, whichever first occurs:

1. If an emission related part listed in this warranty booklet specially noted with coverage for 7 years or 70,000 miles is defective, the part will be repaired or replaced by MBUSA. This is your long-term emission control system DEFECTS WARRANTY.

CA, CT, MA, MD, ME, NJ, NM, OR, PA, RI, VT and WA Emission Control System Warranty - Things You Should Know

Owner's Warranty Responsibilities:

As the vehicle owner, you are responsible for the performance of the required maintenance listed in your Maintenance Booklet. MBUSA recommends that you retain all receipts covering maintenance on your vehicle, but MBUSA cannot deny emission control system warranty solely for the lack of receipts or for your failure to ensure the performance of all required maintenance.

You are responsible for presenting your Mercedes-Benz vehicle to an authorized Mercedes-Benz Center as soon as a problem exists. The warranty repairs should be completed in a reasonable amount of time, not to exceed 30 days.

As the vehicle owner, you should also be aware that MBUSA may deny you warranty coverage if your vehicle or a part has failed due to abuse, neglect, improper maintenance or unapproved modifications.

CA, CT, MA, MD, ME, NJ, NM, OR, PA, RI, VT and WA Emission Control System Warranty

General

Mercedes-Benz USA, LLC (MBUSA) warrants to the original and each subsequent owner of a 2011 Mercedes-Benz vehicle which is first sold by an authorized Mercedes-Benz Center in California, Connecticut, Maine, Maryland, Massachusetts, New Jersey, New Mexico, Oregon, Pennsylvania, Rhode Island, Vermont and Washington that:

(1) such vehicle is free from defects in material and workmanship which would cause it to fail to conform with requirements of the California Air Resources Board (CARB) or to fail to pass a smog check test for a period of use of 3 years or 50,000 miles, whichever first occurs; and

(2) if any part which affects any regulated emission from your vehicle is defective during 3 years or 50,000 miles, whichever first occurs, the part will be repaired or replaced; and

(3) is free from defects in material and workmanship in specific emission related parts as specified in the attached list which would cause them not to conform with those requirements for a period of use of 7 years or 70,000 miles, whichever first occurs.

MBUSA further warrants that:

a. if the vehicle is maintained and operated in accordance with MBUSA's written instructions for required maintenance and use, and

b. if a part is defective during 3 years or 50,000 miles, whichever first occurs, which causes the vehicle not to conform to the applicable CARB requirement or to fail a smog check test, or

c. if an emission-related part covered by the 7 year or 70,000 mile, whichever first occurs, warranty term is defective during the warranty period,

then any authorized Mercedes-Benz Center of the owner's choice will make any adjustments, repairs or replacements (including diagnosis) necessary to correct the defect or so that the vehicle will pass the smog check test at no charge for parts, labor or diagnosis.

If your vehicle is between 3 to 8 years old and has been driven less than 80,000 miles, then your vehicle may be eligible for additional coverage under the Federal Emissions Warranty.

CA, CT, MA, MD, ME, NJ, NM, OR, PA, RI, VT and WA
Emission Control System Warranty

These warranty provisions shall begin on the date the vehicle is delivered to the first retail purchaser or, if the vehicle is first placed in service as a retail demonstrator or MBUSI, MBUSA or MBRDNA company vehicle prior to sale at retail, on the date the vehicle is first placed in such service.

The emission control system of your new Mercedes-Benz vehicle was designed, built and tested using Genuine Mercedes-Benz parts and the vehicle is certified as being in conformity with Federal, California, Connecticut, Maine, Maryland, Massachusetts, New Jersey, New Mexico, Oregon, Pennsylvania, Rhode Island, Vermont and Washington emission control regulations and requirements. Accordingly, it is recommended that any replacement parts used for maintenance, repair or replacement of emission related components be Genuine Mercedes-Benz Parts, including Remanufactured Parts.

The owner may elect to have maintenance, replacement or repair of the emission control devices and systems performed by any automotive repair establishment or individual, and may elect to use other than Genuine Mercedes-Benz Parts, including Remanufactured Parts for such maintenance, replacement or repair without invalidating this warranty; the cost of such service or parts, however, will not be covered under the warranty except in the case of an emergency.

Use of replacement parts which are not of equivalent quality and design may impair the effectiveness of the emission control systems. If other than Genuine Mercedes-Benz Parts, including Remanufactured Parts are being used for maintenance, replacement or repair of components affecting emission control, the owner should obtain assurances that such parts are warranted by their manufacturer to be equivalent to Genuine Mercedes-Benz parts in performance and durability.

MBUSA, however, assumes no liability under this warranty with respect to parts other than Genuine Mercedes-Benz Parts, including Remanufactured Parts except for consequential damage to a non-Mercedes-Benz warranted part caused by a failure of a Mercedes-Benz part. However, the use of non-Mercedes-Benz replacement parts does not invalidate the warranty on other components unless non-Mercedes-Benz parts cause damage to warranted parts.

CA, CT, MA, MD, ME, NJ, NM, OR, PA, RI, VT and WA Emission Control System Warranty

Repairs covered by this warranty will be performed by any authorized Mercedes-Benz Center at its place of business with no charge for parts or labor (including diagnosis), using Genuine Mercedes-Benz Parts, including Remanufactured Parts for any part covered by this warranty.

In the case of an emergency, when and where an authorized Mercedes-Benz Center is not available, repairs may be performed at any available service establishment or by the owner using any replacement part. The non-availability of a replacement part for warranty repair or a repair not completed within 30 days constitutes an emergency.

MBUSA will reimburse the owner for such repairs (including labor and diagnosis) that are covered under this warranty. Such reimbursement shall not exceed MBUSA suggested retail prices for warranted parts replaced and labor charges based on MBUSA recommended time allowances for warranty repairs at a geographically appropriate hourly labor rate. Replaced parts and paid invoices must be presented at an authorized Mercedes-Benz Center as a condition of reimbursement for emergency repairs not performed at an authorized Mercedes-Benz Center. Parts replaced under this warranty become the property of the warrantor.

The enclosed list sets forth some of the emission related components covered by the emission control system defects warranty. You are advised to perform all recommended maintenance or repairs on your new Mercedes-Benz vehicle. MBUSA will not deny an emissions system warranty claim solely because you have no record of maintenance; however, you are responsible for the performance of the required maintenance. MBUSA may deny a warranty claim if your failure to perform the required maintenance resulted in the failure of a warranted part. Receipts and service records covering the performance of regular maintenance should be retained in the event questions arise concerning maintenance. The receipts and service records should be transferred to each subsequent owner of this vehicle.

CA, CT, MA, MD, ME, NJ, NM, OR, PA, RI, VT and WA
Emission Control System Warranty

Mercedes-Benz USA, LLC may deny an emission related claim if it can establish that the failure or the malfunction of an emission control system part results directly from the use of non-premium low octane fuel in the engine (i.e. fuel with an anti-knock index of below 91 as displayed on the fuel pump).

What is not covered by the Emission Warranty

This warranty does not cover:

1. The repair or replacement of any “warranted part” otherwise eligible for warranty coverage shall be excluded from such warranty coverage if the vehicle or engine manufacturer demonstrates that the vehicle or engine has been abused, neglected or improperly maintained, and that such abuse, neglect, or improper maintenance was the direct cause of the need for the repair or replacement of the part.
2. Malfunctions in any part caused by any of the following: improper adjustments except for those done by an authorized Mercedes-Benz Center during warranty service work, modification, alteration, tampering, disconnection, or use of leaded gasoline (for catalyst equipped vehicles).
3. Damage resulting from accident, acts of nature or other events beyond the control of MBUSA.
4. The repair or replacement of warranted parts which are scheduled to be replaced prior to 50,000 miles once these have been replaced at the first replacement interval during a regular maintenance service.
5. Incidental or consequential damages such as loss of time, inconvenience, or loss of use of the vehicle.
6. Any vehicle on which the odometer mileage has been altered so that the vehicle’s actual mileage cannot be determined.

CA, CT, MA, MD, ME, NJ, NM, OR, PA, RI, VT and WA Emission Control System Warranty

This warranty is applicable to new vehicles which are first sold by an authorized Mercedes-Benz Center in the States of California, Connecticut, Maine, Maryland, Massachusetts, New Jersey, New Mexico, Oregon, Pennsylvania, Rhode Island, Vermont and Washington. In all other states or countries, defective parts will be repaired or replaced in accordance with the terms and limitations of the warranty applicable to new Mercedes-Benz vehicles in effect at the time in such states or countries.

You may present a claim under the performance warranty immediately after your vehicle has failed a smog check test. You do not need to suffer the loss of the right to use the vehicle, pay a fine, or incur repair expenses before bringing this claim. After the 3 year/50,000 mile performance warranty period has passed, a smog check test failure due to a defect in a part which is warranted for 7 years/70,000 miles, is covered.

Your warranty claim may be presented to any authorized Mercedes-Benz Center of your choice. The authorized Mercedes-Benz Center will honor or deny your claim within a reasonable time not to exceed 30 days, from the time at which your vehicle is initially presented for repair. Exceptions are when you, the owner, request a delay, or a delay is caused by events not attributable to MBUSA or your authorized Mercedes-Benz Center.

You will be notified in writing by your authorized Mercedes-Benz Center of the reasons for any denial of your claim.

Your authorized Mercedes-Benz Center is required by law to honor your claim if such notice of denial is not received by you within said time period.

WITH RESPECT TO EMISSION SYSTEMS, THIS WARRANTY IS EXPRESSLY IN LIEU OF ALL OTHER WARRANTIES AND REPRESENTATIONS, EXPRESSED OR IMPLIED, INCLUDING, BUT NOT LIMITED TO, IMPLIED WARRANTY OF MERCHANTABILITY OR FITNESS FOR A PARTICULAR PURPOSE, AND OF ALL OTHER OBLIGATIONS OR LIABILITIES ON THE PART OF THE WARRANTOR. DAIMLER-AG, MERCEDES-BENZ U.S. INTERNATIONAL, INC., MERCEDES-BENZ USA, LLC, MERCEDES-BENZ RESEARCH & DEVELOPMENT NORTH AMERICA, INC. OR THE AUTHORIZED MERCEDES-BENZ CENTER NEITHER ASSUME NOR AUTHORIZE ANY OTHER PERSON TO ASSUME FOR THEM ANY OTHER LIABILITY IN CONNECTION WITH SUCH EMISSION SYSTEMS.

CA, CT, MA, MD, ME, NJ, NM, NY, RI and VT Emission Control System Warranty For Partial Zero-Emission Vehicles (PZEV) and S400 HYBRID Only - Things You Should Know

Your Warranty Rights and Obligations:

The California Air Resources Board and Mercedes-Benz USA, LLC are pleased to explain the emission control system warranty on your Mercedes-Benz Partial Zero-Emission Vehicle (PZEV). In California, Connecticut, Maine, Maryland, Massachusetts, New Jersey, New Mexico, New York, Rhode Island and Vermont, new motor vehicles must be designed, built and equipped to meet these states' stringent anti-smog standards. MBUSA must warrant the emission control system on your Mercedes-Benz vehicle for the periods of time listed below provided there has been no abuse, neglect or improper maintenance of your vehicle.

Your emission control system may include such parts as the fuel injection system, ignition system, catalytic converter and engine computers. Also included may be hoses, belts, connectors and other emission related assemblies.

Where a warrantable condition exists, MBUSA will repair your Mercedes-Benz vehicle at no cost to you including diagnosis, parts and labor.

Identifying Partial Zero-Emission Vehicles (PZEV)

Being able to identify whether your vehicle meets the California Air Resources Board (CARB) Super Ultra-Low-Emission-Vehicle (SULEV) PZEV emission standard is an important part of understanding your emission warranty rights. To identify a vehicle that meets the PZEV emission standard please refer to the text description on the Vehicle Emission Control Information (VECI) label located in the engine compartment.

Please note the location of the VECI label will vary depending on model. Refer to your vehicle Operator's Manual for further information on identification labels and their locations.

CA, CT, MA, MD, ME, NJ, NM, NY, RI and VT Emission Control System Warranty For Partial Zero-Emission Vehicles (PZEV) and S400 HYBRID Only - Things You Should Know

Manufacturer's Warranty Coverage:

For 15 years or 150,000 miles, whichever first occurs:

1. If your Mercedes-Benz vehicle fails a Smog Check Inspection, all necessary repairs and adjustments will be made by MBUSA to ensure that your vehicle passes the inspection. This is your emission control system PERFORMANCE WARRANTY.
2. If any emission related part on your Mercedes-Benz vehicle is defective, the part will be repaired or replaced by MBUSA. This is your emission control system DEFECTS WARRANTY.

Owner's Warranty Responsibilities:

As the vehicle owner, you are responsible for the performance of the required maintenance listed in your Maintenance Booklet. MBUSA recommends that you retain all receipts covering maintenance on your vehicle, but MBUSA cannot deny emission control system warranty solely for the lack of receipts or for your failure to ensure the performance of all required maintenance.

You are responsible for presenting your Mercedes-Benz vehicle to an authorized Mercedes-Benz Center as soon as a problem exists. The warranty repairs should be completed in a reasonable amount of time, not to exceed 30 days.

As the vehicle owner, you should also be aware that MBUSA may deny you warranty coverage if your vehicle or a part has failed due to abuse, neglect, improper maintenance or unapproved modifications.

bury, VT 05671-0402, or

CA, CT, MA, MD, ME, NJ, NM, NY, RI and VT Emission Control System Warranty For Partial Zero-Emission Vehicles (PZEV) and S400 HYBRID Only

General

Mercedes-Benz USA, LLC (MBUSA) warrants to the original and each subsequent owner of a 2011 Mercedes-Benz vehicle which is first sold by an authorized Mercedes-Benz Center in California, Connecticut, Maine, Maryland, Massachusetts, New Jersey, New Mexico, New York, Rhode Island or Vermont that:

(1) such vehicle is free from defects in material and workmanship which would cause it to fail to conform with requirements of the California Air Resources Board (CARB) or to fail to pass a smog check test for a period of use of 15 years or 150,000 miles, whichever first occurs; and

(2) if any part which affects any regulated emission from your vehicle is defective during 15 years or 150,000 miles, whichever first occurs, the part will be repaired or replaced; and

MBUSA further warrants that:

a. if the vehicle is maintained and operated in accordance with MBUSA's written instructions for required maintenance and use, and

b. if a part is defective during 15 years or 150,000 miles, whichever first occurs, which causes the vehicle not to conform to the applicable CARB requirement or to fail a smog check test,

then any authorized Mercedes-Benz Center of the owner's choice will make any adjustments, repairs or replacements (including diagnosis) necessary to correct the defect or so that the vehicle will pass the smog check test at no charge for parts, labor or diagnosis.

CA, CT, MA, MD, ME, NJ, NM, NY, RI and VT Emission Control System Warranty For Partial Zero-Emission Vehicles (PZEV) and S400 HYBRID Only

These warranty provisions shall begin on the date the vehicle is delivered to the first retail purchaser or, if the vehicle is first placed in service as a retail demonstrator or MBUSA or MBSC company vehicle prior to sale at retail, on the date the vehicle is first placed in such service.

The emission control system of your new Mercedes-Benz vehicle was designed, built and tested using Genuine Mercedes-Benz parts and the vehicle is certified as being in conformity with Federal, California, Connecticut, Maine, Maryland, Massachusetts, New Jersey, New Mexico, New York, Rhode Island and Vermont emission control regulations and requirements. Accordingly, it is recommended that any replacement parts used for maintenance, repair or replacement of emission related components be Genuine Mercedes-Benz Parts, including Remanufactured Parts.

The owner may elect to have maintenance, replacement or repair of the emission control devices and systems performed by any automotive repair establishment or individual, and may elect to use other than Genuine Mercedes-Benz Parts, including Remanufactured Parts for such maintenance, replacement or repair without invalidating this warranty; the cost of such service or parts, however, will not be covered under the warranty except in the case of an emergency.

Use of replacement parts which are not of equivalent quality and design may impair the effectiveness of the emission control systems. If other than Genuine Mercedes-Benz Parts, including Remanufactured Parts are being used for maintenance, replacement or repair of components affecting emission control, the owner should obtain assurances that such parts are warranted by their manufacturer to be equivalent to Genuine Mercedes-Benz parts in performance and durability.

MBUSA, however, assumes no liability under this warranty with respect to parts other than Genuine Mercedes-Benz Parts, including Remanufactured Parts except for consequential damage to a non-Mercedes-Benz warranted part caused by a failure of a Mercedes-Benz part. However, the use of non-Mercedes-Benz replacement parts does not invalidate the warranty on other components unless non-Mercedes-Benz parts cause damage to warranted parts.

CA, CT, MA, MD, ME, NJ, NM, NY, RI and VT Emission Control System Warranty For Partial Zero-Emission Vehicles (PZEV) and S400 HYBRID Only

Repairs covered by this warranty will be performed by any authorized Mercedes-Benz Center at its place of business with no charge for parts or labor (including diagnosis), using Genuine Mercedes-Benz Parts, including Remanufactured Parts for any part covered by this warranty.

In the case of an emergency, when and where an authorized Mercedes-Benz Center is not available, repairs may be performed at any available service establishment or by the owner using any replacement part. The non-availability of a replacement part for warranty repair or a repair not completed within 30 days constitutes an emergency.

MBUSA will reimburse the owner for such repairs (including labor and diagnosis) that are covered under this warranty. Such reimbursement shall not exceed MBUSA suggested retail prices for warranted parts replaced and labor charges based on MBUSA recommended time allowances for warranty repairs at a geographically appropriate hourly labor rate. Replaced parts and paid invoices must be presented at an authorized Mercedes-Benz Center as a condition of reimbursement for emergency repairs not performed at an authorized Mercedes-Benz Center. Parts replaced under this warranty become the property of the warrantor.

The enclosed list sets forth some of the emission related components covered by the emission control system defects warranty. You are advised to perform all recommended maintenance or repairs on your new Mercedes-Benz vehicle. MBUSA will not deny an emissions system warranty claim solely because you have no record of maintenance; however, you are responsible for the performance of the required maintenance. MBUSA may deny a warranty claim if your failure to perform the required maintenance resulted in the failure of a warranted part. Receipts and service records covering the performance of regular maintenance should be retained in the event questions arise concerning maintenance. The receipts and service records should be transferred to each subsequent owner of this vehicle.

Mercedes-Benz USA, LLC may deny an emission related claim if it can establish that the failure or the malfunction of an emission control system part results directly from the use of non-premium low octane fuel in the engine (i.e. fuel with an anti-knock index of below 91 as displayed on the fuel pump).

CA, CT, MA, MD, ME, NJ, NM, NY, RI and VT Emission Control System Warranty For Partial Zero-Emission Vehicles (PZEV) and S400 HYBRID Only

What is not covered by the Emission Warranty

This warranty does not cover:

1. The repair or replacement of any "warranted part" otherwise eligible for warranty coverage shall be excluded from such warranty coverage if the vehicle or engine manufacturer demonstrates that the vehicle or engine has been abused, neglected or improperly maintained, and that such abuse, neglect, or improper maintenance was the direct cause of the need for the repair or replacement of the part.
2. Malfunctions in any part caused by any of the following: improper adjustments except for those done by an authorized Mercedes-Benz Center during warranty service work, modification, alteration, tampering, disconnection, or use of leaded gasoline (for catalyst equipped vehicles).
3. Damage resulting from accident, acts of nature or other events beyond the control of MBUSA.
4. The repair or replacement of warranted parts which are scheduled to be replaced prior to 150,000 miles once these have been replaced at the first replacement interval during a regular maintenance service.
5. Incidental or consequential damages such as loss of time, inconvenience, or loss of use of the vehicle.
6. Any vehicle on which the odometer mileage has been altered so that the vehicle's actual mileage cannot be determined.

CA, CT, MA, MD, ME, NJ, NM, NY, RI and VT Emission Control System Warranty For Partial Zero-Emission Vehicles (PZEV) and S400 HYBRID Only

This warranty is applicable to new vehicles which are first sold by an authorized Mercedes-Benz Center in the States of California, Connecticut, Maine, Maryland, Massachusetts, New Jersey, New Mexico, New York, Rhode Island and Vermont. In all other states or countries, defective parts will be repaired or replaced in accordance with the terms and limitations of the warranty applicable to new Mercedes-Benz vehicles in effect at the time in such states or countries.

You do not need to suffer the loss of the right to use the vehicle, pay a fine, or incur repair expenses before bringing this claim.

Your warranty claim may be presented to any authorized Mercedes-Benz Center of your choice. The authorized Mercedes-Benz Center will honor or deny your claim within a reasonable time not to exceed 30 days, from the time at which your vehicle is initially presented for repair. Exceptions are when you, the owner, request a delay, or a delay is caused by events not attributable to MBUSA or your authorized Mercedes-Benz Center.

You will be notified in writing by your authorized Mercedes-Benz Center of the reasons for any denial of your claim.

Your authorized Mercedes-Benz Center is required by law to honor your claim if such notice of denial is not received by you within said time period.

WITH RESPECT TO EMISSION SYSTEMS, THIS WARRANTY IS EXPRESSLY IN LIEU OF ALL OTHER WARRANTIES AND REPRESENTATIONS, EXPRESSED OR IMPLIED, INCLUDING, BUT NOT LIMITED TO, IMPLIED WARRANTY OF MERCHANTABILITY OR FITNESS FOR A PARTICULAR PURPOSE, AND OF ALL OTHER OBLIGATIONS OR LIABILITIES ON THE PART OF THE WARRANTOR. DAIMLERAG, MERCEDES-BENZ U.S. INTERNATIONAL, INC., MERCEDES-BENZ USA, LLC, MERCEDES-BENZ RESEARCH & DEVELOPMENT NORTH AMERICA, INC. OR THE AUTHORIZED MERCEDES-BENZ CENTER NEITHER ASSUME NOR AUTHORIZE ANY OTHER PERSON TO ASSUME FOR THEM ANY OTHER LIABILITY IN CONNECTION WITH SUCH EMISSION SYSTEMS.

The warranty coverage for the High Voltage Battery of a S400 HYBRID vehicle is 10 years or 150,000 miles, whichever occurs first (▷ Page 54).

For new vehicles which are first sold by an authorized Mercedes-Benz Center in states other than CA, CT, MA, MD, ME, NJ, NY, NM, OR, PA, RI, VT and WA:

* These items are warranted for 8 years / 80,000 miles (whichever occurs first) and all other items are warranted for 2 years / 24,000 miles (whichever occurs first).

For new vehicles which are first sold by an authorized Mercedes-Benz Center in OR, PA and WA:

* These items are warranted for 8 years / 80,000 miles (whichever occurs first) and all other items are warranted for 3 years / 50,000 miles (whichever occurs first).

For new vehicles which are first sold by an authorized Mercedes-Benz Center in CA, CT, MA, MD, ME, NJ, NY, NM, RI, and VT:

** This item is warranted for 10 years / 150,000 miles (whichever occurs first) and all other items are warranted for 15 years / 150,000 miles (whichever occurs first).

Warranty Enforcement Laws (Lemon Laws)

Laws in many states and federal law permit owners and/or lessees to obtain a replacement vehicle or a refund of the purchase or lease price under certain circumstances. The provisions of these laws vary from state to state and vary from the federal law. To the extent allowed or not prohibited by applicable law, Mercedes-Benz USA, LLC requires that you first provide us with direct written notification of any alleged unrepaired defect or malfunction, or any other dissatisfaction you have experienced with your vehicle so that we have the opportunity to cure the problem or dissatisfaction ourselves. Giving MBUSA itself this direct notice and opportunity to cure enables us to supplement prior efforts by our authorized Mercedes-Benz Center so any ongoing problem can be resolved or the dissatisfaction addressed by us. In states that have not enacted Lemon Laws, we also require, without constituting any liability beyond the Mercedes-Benz new vehicle warranty, that you give us direct written notice of any service difficulty you have experienced. Written notifications, either required under an applicable Lemon Law or other written notifications should be sent to us, not one of our authorized Mercedes-Benz Center, at Mercedes-Benz USA, LLC, Customer Assistance Center, One Mercedes Drive, Montvale, New Jersey, 07645-0350.

Warranty Enforcement Laws (Lemon Laws)

NEW JERSEY LEMON LAW DISCLOSURE

IMPORTANT: IF THIS VEHICLE HAS A DEFECT THAT SUBSTANTIALLY IMPAIRS ITS USE, VALUE OR SAFETY, OR THAT IS LIKELY TO CAUSE DEATH OR SERIOUS BODILY INJURY IF DRIVEN, AND WAS PURCHASED, LEASED OR REGISTERED IN NEW JERSEY, YOU MAY BE ENTITLED UNDER NEW JERSEY'S LEMON LAW TO A REFUND OF THE PURCHASE PRICE OR YOUR LEASE PAYMENTS.

Here is a summary of your rights:

1. To qualify for relief under the New Jersey Lemon Law, you must give the manufacturer or its dealer the opportunity to repair or correct the defect in the vehicle within the Lemon Law's term of protection, which is the first 24,000 miles of operation or two years after the vehicle's original date of delivery, whichever is earlier.
2. If the manufacturer or its dealer is unable to repair or correct a defect within a reasonable time, you may be entitled to return the vehicle and receive a full refund, minus a reasonable allowance for vehicle use.
3. It is presumed that the manufacturer or its dealer is unable to repair or correct the defect if substantially the same defect continues to exist after the manufacturer has received written notice of the defect by certified mail, return receipt requested, and has had a final opportunity to correct the defect or condition within 10 calendar days after receipt of notice. This notice must be received by the manufacturer with the term of protection and may be given only after (i) the manufacturer or its dealer has had two or more attempts to correct the defect, (ii) the manufacturer or its dealer has had at least one attempt to correct the defect if the defect is one that is likely to cause death or serious bodily injury if the vehicle is driven; or (iii) the vehicle has been out of service for repair for a cumulative total of 20 or more calendar days, or in the case of a motorhome, 45 days or more.
4. If substantially the same defect continues to exist after the manufacturer has had the final opportunity to repair or correct the defect, you may file an application for relief under New Jersey's Lemon Law.

FOR COMPLETE INFORMATION REGARDING YOUR RIGHTS AND REMEDIES UNDER THE RELEVANT LAW, INCLUDING THE MANUFACTURER'S ADDRESS TO GIVE NOTICE OF THE DEFECT, CONTACT THE NEW JERSEY DEPARTMENT OF LAW AND PUBLIC SAFETY, DIVISION OF CONSUMER AFFAIRS, LEMON LAW UNIT, AT POST OFFICE BOX 45026, NEWARK, NEW JERSEY 07101, TEL. NO. (973) 504-6226.

Warranty Enforcement Laws (Lemon Laws)

NEW JERSEY LEMON LAW DISCLOSURE

IMPORTANTE: SI ESTE VEHICULO TIENE UN DEFECTO QUE SUBSTANCIALMENTE AFECTA SU USO, VALOR O SEGURIDAD, O QUE PUEDE CAUSAR MUERTE O SERIO DAÑO CORPORAL SI SE MANEJA, Y FUE COMPRADO, ARRENDADO O REGISTRADO EN NUEVA JERSEY, USTED PUEDE TENER EL DERECHO BAJO LA LEY DE LIMÓN DEL ESTADO DE NUEVA JERSEY A UN REEMBOLSO DEL PRECIO DE COMPRA O A LOS PAGOS DE SU ARRENDAMIENTO.

Aqui le damos un sumario de sus derechos:

1. Para calificar por compensación bajo la Ley de Limon de Nueva Jersey, usted debe darle al fabricante o a su concesionario la oportunidad de reparar o corregir el defecto del vehículo dentro del término de protección bajo la Ley de Limón, que son las 24,000 millas primeras de operación o dos años después de la fecha original de la entrega del vehículo o lo que suceda primero.
2. Si el fabricante o su concesionario no puede arreglar o corregir el defecto dentro de un tiempo razonable, usted puede tener el derecho de devolver el vehículo y recibir un reembolso completo, menos un descuento por el uso del vehículo.
3. Si se supone que el fabricante o su concesionario no puede reparar o corregir el defecto y si substancialmente el mismo defecto continúa existiendo después que el fabricante ha recibido un aviso del defecto, mandado por correo certificado con recibo de retorno, y ha tenido una oportunidad final para corregir el defecto o condición dentro de los 10 días naturales después de recibir el aviso. Este aviso tiene que ser recibido por el fabricante dentro del término de protección y solo se puede dar después que (i) el fabricante o su concesionario ha intentado dos o más veces de corregir el defecto; (ii) el fabricante o su concesionario ha intentado por lo menos una vez de corregir el defecto si el defecto es uno que puede causar la muerte o serio daño corporal si el vehículo se maneja; o (iii) el vehículo ha estado fuera de servicio por reparos por una acumulación total de 20 días naturales o más, o en el caso de una casa rodante motorizada (motorhome) de 45 días o más.
4. Si substancialmente el mismo defecto continua existiendo después que el fabricante ha tenido la ultima oportunidad de reparar o corregir el defecto, usted puede presentar una solicitud para compensación bajo la Ley de Limón de Nueva Jersey.

PARA INFORMACION COMPLETA ACERCA DE SUS DERECHOS Y RECURSOS BAJO ESTA LEY, INCLUYENDO LA DIRECCIÓN DEL FABRICANTE PARA NOTIFICARLE EL DEFECTO, PÓNGASE EN CONTACTO CON: NEW JERSEY DEPARTMENT OF LAW AND PUBLIC SAFETY, DIVISION OF CONSUMER AFFAIRS, LEMON LAW UNIT, POST OFFICE BOX 45026, NEWARK, NEW JERSEY 07101, NÚMERO DE TELÉFONO (973) 504-6226.

IMPORTANT NOTICE for California Retail Buyers and Lessees of Mercedes-Benz Vehicles

Under California law you may be entitled to a replacement of your vehicle or a refund of the purchase price or lease price, if Mercedes-Benz USA, LLC and/or its authorized repair or service facilities fail to fix one or more substantial defects or malfunctions in the vehicle that are covered by its express warranty after a reasonable number of repair attempts. During the period of 18 months from original delivery of the vehicle or the accumulation of 18 000 miles on the odometer of the vehicle, whichever first occurs, a reasonable number of repair attempts is presumed for a retail buyer or lessee if one or more of the following occurs: (1) the same substantial defect or malfunction results in a condition that is likely to cause death or serious bodily injury if the vehicle is driven, that defect or malfunction has been subject to repair two or more times, and you have directly notified Mercedes-Benz USA, LLC in writing of the need for its repair, (2) the same substantial defect or malfunction of a less serious nature than category (1) has been subject to repair four or more times and you have directly notified us in writing of the need for its repair, or (3) the vehicle is out of service by reason of repair of the same or different substantial defects or malfunctions for a cumulative total of more than 30 calendar days. Written direct notification should be sent to us, not an authorized Mercedes-Benz Center, at Mercedes-Benz USA, LLC, Customer Assistance Center, One Mercedes Drive, Montvale, NJ 07645-0350.

What To Do...

If You Have Questions Regarding Warranty or Service

The satisfaction and goodwill of Mercedes-Benz owners is of primary concern to authorized Mercedes-Benz Centers and MBUSA. In the event a warranty or service matter is not handled to your satisfaction, the following steps are suggested:

FIRST -

Discuss the problem with your authorized Mercedes-Benz Center management. Talk to the Service Manager, then if you still have questions, discuss them with the authorized Mercedes-Benz Center's owner.

THEN -

Request Clarification - If unanswered questions remain, contact Mercedes-Benz USA, LLC, Customer Assistance Center, One Mercedes Drive, Montvale, New Jersey 07645-0350. 1-800-FOR-MERCEdes.

When you contact Mercedes-Benz USA, LLC please be sure to include the MODEL, and VEHICLE IDENTIFICATION NUMBER (VIN) of your vehicle. This is important to assure fast, efficient handling of your inquiry.

If You Have Lost the Service and Warranty Information Booklet

Should you lose your Service and Warranty Information booklet, have your local authorized Mercedes-Benz Center arrange for a replacement.

If You Have Changed Your Address

Should your address change, please do not fail to notify us by using the "Notice of Address Change" coupon also contained in the centerfold of this booklet, or you may call 1-800-FOR-MERCEdes to provide the information.

SPECIAL ADJUSTMENT PROGRAMS

Sometimes Mercedes-Benz USA, LLC offers a special adjustment program to pay for all or part of the cost of certain repairs beyond the terms of the warranty. Check with your Authorized Mercedes-Benz Center to determine whether any adjustment program is applicable to your automobile.

To Purchasers of Pre-Owned Mercedes-Benz Vehicles

If you have purchased a pre-owned Mercedes-Benz vehicle before the expiration of its original warranty, you are entitled to any unexpired portion of the warranty provided you establish your ownership and the purchase date of the vehicle. Please mail the coupon contained in the centerfold of this booklet to the address shown, or you may call 1-800-FOR-MERCEdes to provide the information.

Such notification is likewise necessary for your own safety after expiration of the original warranty.

The “National Traffic & Motor Vehicle Safety Act of 1966” requires Mercedes-Benz USA, LLC to be in a position to contact Mercedes-Benz owners when a correction of a product defect becomes necessary.

DISCLAIMER OF WARRANTIES - Any warranties on the parts and accessories sold hereby are made by the manufacturer. The undersigned purchaser or agent for the purchaser, understand and agrees that dealer makes no warranties of any kind, express or implied, and disclaims all warranties, including warranties of merchantability of fitness for a particular purpose, with regard to the parts and/or accessories purchased; and that in no event shall dealer be liable for incidental or consequential damages or commercial losses arising out of such purchase. The undersigned purchaser or agent for the purchaser further agrees that the warranties excluded by dealer, include, but are not limited to any warranties that such parts and/or accessories are of merchantable quality or that they will enable any vehicle or any of its systems to perform with reasonable safety, efficiency, or comfort.

AUTHORIZATION FOR REPAIRS - I hereby authorize the repair work herein set forth to be done along with the necessary material and agree that you are not responsible for loss or damage to vehicle or articles left in vehicle in case of fire, theft or any other cause beyond your control or for any delays caused by unavailability of parts or delays in parts shipments by the supplier or transporter. I hereby grant you and/or your employees permission to operate the vehicle herein described on streets, highways or elsewhere for the purpose of testing and/or inspection. An express mechanic's lien is hereby acknowledged on above vehicle to secure the amount of repairs thereto. The dealership is not responsible for damages from freezing due to lack of antifreeze. Customer states no articles of personal property have been left in the vehicle and dealer is not responsible for inspection thereof.

**NOTICE PURSUANT TO
§ 70.001, TEXAS PROPERTY CODE**

I am the person or agent acting on behalf of the person, who is obligated to pay for the repair of the motor vehicle subject to the repair contract. I understand that this vehicle is subject to repossession in accordance with §9.609 Texas Business and Commerce Code, if payment for the repair of the motor vehicle by a check, money order, or a credit card transaction is stopped, dishonored because of insufficient funds, no funds, or because the maker or drawer of the order of the credit card holder has no account or the account on which it is drawn or the credit card account has been closed.

DISCLAIMER OF WARRANTIES - Any warranties on the parts and accessories sold hereby are made by the manufacturer. The undersigned purchaser or agent for the purchaser, understand and agrees that dealer makes no warranties of any kind, express or implied, and disclaims all warranties, including warranties of merchantability of fitness for a particular purpose, with regard to the parts and/or accessories purchased; and that in no event shall dealer be liable for incidental or consequential damages or commercial losses arising out of such purchase. The undersigned purchaser or agent for the purchaser further agrees that the warranties excluded by dealer, include, but are not limited to any warranties that such parts and/or accessories are of merchantable quality or that they will enable any vehicle or any of its systems to perform with reasonable safety, efficiency, or comfort.

AUTHORIZATION FOR REPAIRS - I hereby authorize the repair work herein set forth to be done along with the necessary material and agree that you are not responsible for loss or damage to vehicle or articles left in vehicle in case of fire, theft or any other cause beyond your control or for any delays caused by unavailability of parts or delays in parts shipments by the supplier or transporter. I hereby grant you and/or your employees permission to operate the vehicle herein described on streets, highways or elsewhere for the purpose of testing and/or inspection. An express mechanic's lien is hereby acknowledged on above vehicle to secure the amount of repairs thereto. The dealership is not responsible for damages from freezing due to lack of antifreeze. Customer states no articles of personal property have been left in the vehicle and dealer is not responsible for inspection thereof.

NOTICE PURSUANT TO § 70.001, TEXAS PROPERTY CODE
I am the person or agent acting on behalf of the person, who is obligated to pay, for the repair of the motor vehicle subject to the repair contract. I understand that this vehicle is subject to repossession in accordance with §9.609 Texas Business and Commerce Code, if payment for the repair of the motor vehicle by a check, money order, or a credit card transaction is stopped, dishonored because of insufficient funds, no funds, or because the maker or drawer of the order of the credit card holder has no account or the account on which it is drawn or the credit card account has been closed.
